

# Food Service Equipment

Delivering the best taste and appearance—reliably and efficiently.

If your business has a commercial kitchen, we can help you lower your energy use and boost your bottom line with food service incentives. Making the switch from gas to electric equipment helps in a lot of ways—like lowering operational costs, improving efficiencies, reducing maintenance costs and minimizing product losses. Plus, we use ENERGYSTAR® products whenever possible—so you get the most efficient equipment available.

## Incentive guidelines

- The final incentive is based on installed equipment and efficiency requirements.
- Additional incentives are available to offset associated wiring cost. Wiring incentive awarded is limited to up to 50% of the equipment incentive amount.
- If the equipment you wish to install **IS NOT** displayed in this table, your project may qualify for custom incentives.
- Standard incentives for food service equipment are open to all commercial and industrial participants, subject to eligibility requirements and funding availability.
- Pre-approval is required before purchasing or installing new food service equipment.

Equipment Type	Size	Incentive
Food Service Wiring Incentive	All project sizes	50% of equipment incentive
Electric Fryer - Open	0-10 lbs oil capacity	\$250/unit
	11-50 lbs oil capacity	\$1,000/unit
	>50 lbs oil capacity	\$1,600/unit
Electric Fryer - Pressure	0-10 lbs oil capacity	\$250/unit
	11-50 lbs oil capacity	\$1,000/unit
	>50 lbs oil capacity	\$1,600/unit
Electric Griddle	Single	\$300/linear ft.
	Double	\$400/linear ft.
Electric Oven - Standard, Convection, Combination	Full Size	\$1,500/unit
	Half Size	\$350/unit
	Counter Top	\$150/unit
Electric Oven - Deck	All Sizes	\$500/unit
Electric Oven - Rotisserie		\$1,200/unit
Electric Broiler - Underfired Char Broiler		\$3,000/unit
Electric Broiler - Overfired Upright		\$1,500/unit
Electric Broiler - Overfired Salamander		\$1,000/unit
Electric Broiler - Overfired Cheesemelter		\$800/unit
Tilting Skillet/Braising Pan		≥10 gallons
	≥30 gallons	\$800/unit
	≥40 gallons	\$1,000/unit
	≥50 gallons	\$1,200/unit
Steam Kettle (Pot)	≥10 gallons	\$150/unit
	≥40 gallons	\$700/unit
	≥60 gallons	\$1,000/unit
	≥100 gallons	\$1,700/unit
Steamer (Trays)	1-5 trays	\$1,000/unit
	6-9 trays	\$2,000/unit
	10-11 trays	\$3,000/unit
	12-17 trays	\$4,000/unit
	≥18 trays	\$6,000/unit
