

Current Incentive Offerings

 = eligible for new installations

 = no pre-approval required

Fast Track Lighting

-  **\$3.00/lamp** – 2' Linear T8 LED lamp
-  **\$4.00/tube** – 4' linear T8 LED tube
-  **\$7.00/lamp** – U-Bend T8 LED lamp
-  **\$18.00/fixture** – 2' x 2' LED Panel fixture
-  **\$22.00/fixture** – 2' x 4' LED Panel fixture

HVAC

(Energy Efficiency)

-  **\$80/ton** – HVAC equipment replacements
-  **\$175/ton** – A/C units with CEE Advanced Tier efficiencies
-  **\$200/ton** – high efficiency air-cooled chillers
-  **\$250/ton** – VRF and dual fuel heat pumps

Refrigeration

- \$50/EC motor**
- \$200/evaporator fan controller**
-  **\$100/linear ft** – open cases
-  **\$200/linear ft** – medium & low temperature cases

Variable Speed Drives

\$100/Horsepower (HP)

Custom

Up to **\$0.15/kWh**

Indoor & Outdoor LED Lighting

\$0.13/kWh

New Construction LED Lighting

 **\$0.10/kWh** – based on lighting power density

Electric Forklift Class 1 & 2

-  **\$1,000/leased**
-  **\$2,000/purchased**

Retro & Monitoring-Based Commissioning

\$0.05/kWh – for non-capital energy efficiency projects

Thermal Ice Storage

-  **\$9.00/ton-hour (partial)**
-  **\$11.00/ton-hour (full)**

Current incentive rates as of 03.03.2025.

Steps to get started on your next energy efficiency project.

① Select a PPN member

Use the Request Expert Solutions (RES) or Find a Contractor (FAC) tool to contact a PPN member.

② Define scope of work

Work with a PPN member to determine the project scope, energy savings & estimated incentive.

③ Sign application

Your electronic signature will finalize the incentive application submitted by your PPN member.

Find a Contractor (FAC)

Online directory of active PPN members, select a single PPN to get started.

Request Expert Solutions (RES)

Online proposal request, get bids from multiple PPN members interested in your project.

Don't know where to start? Reach out to the program team if you have any questions.
